

# WILDCAT<sup>®</sup> XX

OFF ROAD RACING INSPIRED  
SUSPENSION SYSTEM

CLASS-LEADING 300-LB  
REAR CARGO BOX

STANDARD 65-AMP  
ALTERNATOR

# WILDCAT<sup>®</sup> XX

## HIGH OCTANE THRILLS AWAIT.

The Wildcat XX, with the most electrical output in its class, is built with an off-road racing inspired suspension system delivering more than 18 inches of travel in the front and rear, so you can take on some major challenges. Along with sharp colors and graphics for all three models, we relentlessly engineered this side-by-side. Starting with premium features such as a spacious cabin, standard 30-inch tires and the state-of-the-art ADAPT clutch system, the Wildcat XX channels all 130 horsepower from the engine to the wheels for an exhilarating ride.

### KEY FEATURES

\*Please contact your local dealer for accessory availability. Accessories shown are subject to change. WARNING: Arctic Cat vehicles can be hazardous to operate. For your safety, all riders should always wear a seat belt (Side-by-Sides), helmet, eye protection, and protective clothing. Riding and alcohol/drugs don't mix. Passengers must be able to place both feet flat on the floor while keeping their back against the back of the seat and able to reach an available hand hold (outboard passenger only). Arctic Cat recommends that all operators take a safety training course. For safety and training information, please see your dealer or visit [www.ROHVA.org](http://www.ROHVA.org) (Side-by-Sides). Arctic Cat vehicles are for operators age 16 years and older with a valid driver's license. Read the owner's manual before operating. ©2022 Textron Specialized Vehicles Inc. 82595-68 (Rev. 08/2022)
